## DETAILED ACTION

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance:

1. Claims 1-46 are allowed because the prior art does not teach or suggest a battery-optimized system and device on a chip comprises: on-chip memory operable coupled to store at least a portion of a multimedia application, wherein the processing module processes input multimedia data in accordance with the at least the portion of the multimedia application to produce output multimedia data, wherein the input multimedia data is received from at least one of the multimedia module and the high-speed interface, and wherein the output multimedia data is provided to at least one of the multimedia module and the high-speed interface; and on-chip DC-to-DC converter operable coupled to convert a battery voltage into a supply voltage, wherein the DC-to-DC converter provides the supply voltage to at least one of the multimedia module, the high-speed interface, the processing module, and the on-chip memory
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
